After you have exercised the [Option to Purchase \(OTP\)](#), you and the flat sellers must submit the respective portions of the resale application and the necessary supporting documents via [My Flat Dashboard](#). Salespersons may submit resale applications on behalf of their clients via [e-Resale](#) or [Estate Agent Toolkit](#) (for agencies which are subscribers). You must have a valid HFE letter when submitting your portion of the resale application. Your resale application will be processed based on the HFE letter you submitted. Other HFE letters, whether issued earlier or later, will not be considered.

Upon receiving the resale application and supporting documents, HDB will verify the information provided by you and the flat sellers. Both parties must ensure that they are eligible for the transaction.

If the application and documents are in order, we will notify you and the flat sellers of HDB’s acceptance of the application via SMS or email. Thereafter, it will take about 8 weeks to process the application and complete the transaction. This is the earliest possible date to complete the transaction. If you wish to defer the completion, please discuss with your flat sellers and let us have a written confirmation (signed by both flat sellers and buyers) via MyRequest@HDB.
